PROJECT NAME: Rotary Slope Mower Tractor
SOLICITATION NO: ITB #B231007
RE: ADDENDUM #1

To All Prospective Bidders:

The following information is being provided to aid in the preparation of your bid submittal(s):

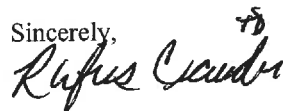

Question #1: *Does the referenced "side mounted only" include stowage while not in use or while in transportation (non-mowing use)? Most Boom Mowers will be stowed or transported with the mower head secured to the rear of the tractor.*

Response: The Boom mower head can be stored or racked at the rear of the tractor. The County request the Slope Mower boom be mounted/attached to the mid-section, or side of the tractor.
