Honorable Commissioners' Court
Galveston County, Texas

I am pleased to present for your review and consideration the Galveston County Proposed Budget for Fiscal Year 2023. This budget document presents detailed information about the proposed county operations and maintains the Galveston County's pledge to fulfill the needs of its residents.

The proposed budget was developed based on the FY 2023 No New Revenue Tax Rate of \$0.376030 (per \$100 of valuation). The total tax rate of \$0.376030 is comprised of the General Fund tax rate of \$0.298771, a Road & Bridge tax rate of \$0.007279, a Mosquito Control Fund tax rate of \$0.003686, a Flood Control Fund tax rate of \$0.008443 and the Debt Service tax rate of \$0.057851. The total property tax levy for the FY 2023 budget is \$150.12 million, of which \$127.04 million is for maintenance and operations, and \$23.08 million is for debt service. This is an increase of \$3.11 million, or 2.12%, over FY 2022's total tax revenue of \$147.01 million.

The County's largest operating budget is General Fund. The fiscal year 2023 proposed General Fund budget is \$191.88 million, which includes estimated property tax revenue of \$121.75 million and \$27.17 million of other revenues. The combined budget for all funds is \$283.58 million, including \$22.19 million for Special Revenue Funds, \$28.99 million for Debt Service Fund and \$25.83 million for Internal Service Funds. The General and Related Funds fund balance is projected to total \$78.76 million or 34.17% of the Proposed 2023 General and Related Funds Budget of \$206.52 million. Fund Balance reserves will be above the County's established fund balance policy of 30% fund balance policy requirement.

Budget Highlights

Commissioners Court authorized a 4% Cost of Living Adjustment for all County employees at a total cost of \$3.70 million. Commissioners Court also approved 1.5% of each department's salary budget to be utilized for employee Merit Pay adjustments up to 3% per employee, at a total cost

of \$1.19 million. The Pay Plan for the Sheriff's Office and District Attorney's Office have been adjusted to provide better competitive pay for Sheriff's Deputies and Assistant District Attorneys.

Health insurance premiums were increased to keep pace with the ever-increasing cost of health insurance coverage. The Employer portion premium was increased from \$680 in FY 2022 to \$795 in FY 2023 at an estimated cost of \$1.57 million.

Personnel Changes included in the FY 2023 budget comprise of the following: 3 – New Positions (\$156,003), 6 – Position Regrades (\$481), 5 – Position Reclassifications (\$139,255), 1 – Position Type Change from Part-Time to Full-Time (\$18,262) and 2 – Position Title Change Only (\$0).

This budget reflects the careful planning being used over the years that has helped Galveston County remain in a strong financial position during these challenging times and continues to move Galveston County forward. As the County's Chief Financial Officer, I am proud of our efforts to enhance the quality and integrity of the County's financial information. I appreciate the hard work and dedication of our Commissioners' Court members, County Elected Officials and Department Heads for their collaboration and thoughtful input through the preparation of the FY 2023 Budget. As we all look forward to the coming year, the Department of Professional Services will continue its efforts to provide support to all county departments in an efficient and effective manner.

A copy of the proposed budget has been filed in the County Clerk's office and the County Auditor's office. Additionally, the proposed budget is available for viewing by interested citizens on the County's internet website at www.galvestoncountytexas.gov.

Respectfully,

Cruz, Sergio Digitally signed by Cruz,

Honorable Members of Commissioners Court
Galveston County, Texas

Final Statement of Estimated Available Resources Fiscal Year 2023

In accordance with Texas Local Government Code (LGC) §111.063, Subchapter C, the County Auditor has prepared a "Final Statement of Estimated Available Resources" to be used by Commissioners Court and the County Budget Officer in developing the Fiscal Year 2023 Appropriations Budget for Galveston County. Available resources include the estimated fund balance at the beginning of the new fiscal year plus estimated revenues and transfers-in for the upcoming fiscal year.

Per Local Government Code 111.063 (b), the County Auditor is to provide a complete financial statement to the Budget Officer for inclusion in the Budget. The financial statement must show:

- 1) the outstanding obligations of the county
- 2) the cash on hand to the credit of each fund
- 3) funds received from all sources during the preceding year
- 4) the funds and revenue estimated by the auditor to be received from all sources during the preceding fiscal year
- 5) the funds and revenue estimated by the auditor to be received during the ensuing year; and
- 6) a statement of all accounts and contracts on which sums are due to or owed by the county as of the last day of the preceding fiscal year, except for taxes or court costs.

The July 31, 2022 of Galveston County Monthly Financial Report required by Local Government Code §114.023 and §114.025 is presented in the Financial Transparency Pages of the County Website under Financial Reports – Monthly Reports.

For the "Final Statement of Estimated Available Resources," the September 30, 2021 fund balance amounts as shown use the audited year end balances from the Annual Comprehensive Financial Report (Annual Report). All other amounts used in the preparation and reports are unaudited and subject to revision. Changes that might occur are not anticipated to materially affect any estimate.

Graphs selected from the Financial Trend Monitoring Report are made a part of this presentation. The amounts used in the trend reports for the period 2012-2021 are from the Annual Report for those periods. Amounts in the trend analysis for 2022 and 2023 are estimates.

In order to prepare a forecast that is reasonably accurate, involvement and input from county departments, including the Budget Officer, and information received from other sources such as the Galveston County Central Appraisal District (GCCAD) and the Galveston County Tax Assessor/Collector, is sought and highly valued in validating the available resources process.

ALL OPERATING FUNDS – SUMMARY OF REVENUES

The following table represents revenues by source for all governmental funds (i.e., General and Related Funds, Special Revenue Funds, Capital Project Funds, and Debt Service Fund.) Debt financings are included.

In an effort to streamline the manner in which this information was compiled and reduce the amount of time and effort required by the departments, an initial analysis was performed of all revenues, which included an examination of the statutory requirements, and an analysis of trends and assumptions relative to the County's revenues and expenditures for the period 2012-2021, using audited results, estimated results for 2022, and proposed revenue projections for 2023. The final result was then tested as to reasonableness and accuracy of the estimates.

The financial trends included in this report are listed below. Using the ten-year range and including the 2022 estimates and 2023 proposed revenues provides a much broader look at the County's ability to maintain existing service levels and meet demands of a growing population.

Trend analysis for the ten years of data and associated graphs presented include:

- Revenue per Capita
- Property Tax Revenue per Capita
- Debt Outstanding per Capita
- Tax Assessment and Rate Information
- Population and Growth Indicators

Source of Data

Most of the data in the graphs is from the Annual Comprehensive Financial Report (the "Annual Report"). In some instances, the data is presented from an original source - e.g., population sizes are published by the U.S. Census Bureau.

RATIO OF TOTAL REVENUE TO POPULATION

	Population	Total Revenues (in thousands)	Revenue/ Population
2011	292,607	311,687	1,065
2012	295,747	237,139	802
2013	300,484	181,871	605
2014	308,448	220,292	714
2015	314,198	218,569	696
2016	322,225	210,550	653
2017	329,341	202,962	616
2018	335,036	204,629	611
2019	337,890	208,294	616
2020	342,139	216,268	632
2021	350,701	210,982	602
2022	355,111	205,850	580
2023	359,372	207,854	578

Indicators

- As County population increases, the need for County-provided services is also expected to rise.
- An increasing ratio would indicate that a greater demand for services is being placed on the County.
- A decreasing ratio could indicate the County may have difficulty managing existing service levels unless new revenue sources are identified or expenditures are decreased proportionately.

Analysis

- The downward slope of the trend line from fiscal year 2011 through fiscal year 2013 reflects the funding received after Hurricane Ike and subsequent years of lower revenues after grant funding.
- In recent years the trend line has stabilized, raising only slightly due to an increase in population and demand for services.

RATIO OF PROPERTY TAX REVENUES TO POPULATION

	Population	Property Tax Revenues (in thousands)	Property Tax Revenue/ Population
2011	292,607	119,442	408
2012	295,747	121,711	412
2013	300,484	124,352	414
2014	308,448	123,944	402
2015	314,198	128,927	410
2016	322,225	133,954	416
2017	329,341	141,092	428
2018	335,036	147,646	441
2019	337,890	145,968	432
2020	342,139	153,763	449
2021	350,701	155,824	444
2022	355,111	155,693	438
2023	359,372	153,324	427

Indicators

- Property tax revenues are determined by two factors:
 - 1) Assessed value, as determined by the Galveston Central Appraisal District
 - 2) Tax rate, set by the County Commissioners Court
- Declines in property tax revenues may be caused by a downturn in the real estate market, an abrupt loss of value due to a natural disaster or the County's lowering of the tax rate to benefit property owners.

Analysis

- Following Hurricane Ike in 2009, property tax revenues consistently increased, except for one slight decrease in fiscal year 2014 and fiscal year 2019 due to a decrease in the tax rate.
- The County's real estate market remains strong, especially with continued rapid growth in the northern part of the County.
- The lower tax rate is the result of the county's continuing action to lower the cost to taxpayers and the result of SB2 and the change in calculating taxes under a no new revenue legislation.

RATIO OF CAPITAL DEBT OUTSTANDING TO POPULATION

	Population	Capital Debt Outstanding (in thousands)	Capital Debt Outstanding/ Population
2011	292,607	343,288	1,173
2012	295,747	324,793	1,098
2013	300,484	303,963	1,012
2014	308,448	279,663	907
2015	314,198	259,588	826
2016	322,225	238,628	741
2017	329,341	211,676	643
2018	335,036	235,674	703
2019	337,890	247,914	734
2020	342,139	229,269	670
2021	350,701	210,083	599
2022	355,111	190,347	536
2023	359,372	174,315	485

Indicators

- Long-term debt is typically issued to fund expensive purchases for long-lived assets or capital projects.
- Such financing by local government has a direct impact on its citizens because the government often levies a tax to generate the money with which to repay the debt principal and associated interest costs.

Analysis

- Refunding debt was issued in fiscal year 2018 in order to reduce current debt costs.
- In fiscal years 2018 and 2019 new debt was issued to finance future projects to support the County's growth, following a reduction of debt in fiscal years 2011 - 2017. No new debt was issued in fiscal years 2020 - 2022. No new debt is anticipated to be issued in fiscal year 2023.
- The amount of debt per capita remains relatively low.

2022	42,711,705,851	0.4245
2023	50,797,174,498	0.3760

Indicators

- The tax rate and assessed property value, as adjusted for various functions, are the two components that determine a taxpayer's ad valorem tax expense.
- Tax rates are set by the County's Commissioners Court and assessed property values are determined by the Central Appraisal District annually.

Analysis

- As the population grows and the economy strengthens, property values in the county have increased.
- Over the last 13 years, the County has made a concerted effort to decrease the tax rate each year in an effort to offset the increased expense to taxpayers due to higher property values.

Revenue Derived by Tax Rate

The primary revenue source is ad valorem taxes, which support several activities, including the General Fund, Road and Bridge Fund, Flood Control District, Debt Service and Mosquito Control.

In the 86th session of the Texas Legislature, Senate Bill 2 brought sweeping changes in the calculation of property tax. Senate Bill 2 required substantial changes, including new tax rate calculations and adjustments. The continuing COVID-19 pandemic, inflation and higher prices, and the possibility of recession all put pressure on the tax rate and the annual budget.

In this presentation, the FY 2023 estimated no new revenue tax rate of \$0.376038 was used to project FY 2023 taxes. This rate is \$0.046462 cents (11.4%) less than the FY 2022 adopted rate of \$0.424500.

The actual rate will be determined by Commissioners Court. The graph below details how the tax rate has dropped over the past thirteen years, from FY 2011 to FY 2023. The total drop is approximately a 23.27 cent drop/\$100 valuation, or almost 32.4%, in the county property tax rate.

The collection rate used for estimating tax revenues for FY2023 was 98.5%; the actual rate as calculated under SB 2 for FY 2023 is slightly higher at 99.27% (the lowest rate from the last three years). Per SB2 calculations, the last three years have averaged 99.8% collection; this includes delinquencies. The rate used in this presentation is the same as prior years at 98.5%. In keeping with the change last year, the County is including new improvements and tax ceiling properties. For fiscal year 2023 both of those values of property, which are billed at 100% during the year, will be included at 50% of the total expected collections.

Please note the County Auditor, who is statutorily responsible for estimating revenues, does not determine the Tax Rate; that is the responsibility of Commissioners Court. The rate used in the Tax Calculations and the Tax Model below is the no-new-revenue tax rate for FY2023 (TY2022) established by Senate Bill 2, as amended. The Galveston County Tax Assessor/Collector creates the Tax Rate Calculation Worksheet. The Galveston County Auditor's Office performs a review of the calculations and uses the calculation by the County Tax Assessor/Collector to create the tax models and estimates in this document. The model includes the transfers-in, if applicable, to determine the available resources to be used by Commissioners Court in preparing the FY2023 budget.

¹"Receive and File" Commissioners Court agenda items only.

²Under the control of the Elections Services Officer.

³Under the control of the Probate Court Judge.

⁴Governed by specific statutes; the county records and reports on their financial activity through its accounting system.

Internal Service Funds operate as funding plans for obligations the Commissioners Court has agreed to provide, such as employee benefits and workers' compensation insurance. For purposes of the financial system the county uses, the Internal Service Funds are also "budgeted" for purposes of tracking and to ensure there is sufficient balance to pay for these services the county has already committed to providing.

ALL OPERATING FUNDS – SUMMARY OF REVENUES

Operating funds include only governmental funds. Governmental funds do not include internal service funds; internal service funds are full-accrual funds and as mentioned above utilize a funding plan. Governmental funds utilize modified-accrual accounting and do have a budget.

Governmental Funds consist of:

General Fund

The General Fund is the chief operating fund of the county. It accounts for all financial resources except those required to be accounted for in another fund. Included in the General Fund are a group of funds referred to as related funds; the relation is established by accounting standards (GASB 54), as the primary funding source of these related funds is a transfer of money from the General Fund. Before GASB 54 these funds were reported separately, so they have been kept separate for management purposes, but for reporting purposes they are combined in the General Fund.

Special Revenue Funds

Special Revenue Funds account for revenues legally restricted to being spent for a specific purpose, generally due to statutory requirements. Note Grant Funds (monies received from state or federal agencies; the budget is set by the grantor agency) are not included in the Estimate of Available Resources. The 2023 reduced revenues are due to the pandemic, which affected the judicial operations from which most of the special revenue funds derive their revenue.

Capital Projects Funds

Capital Project Funds are usually limited to long-term debt financing for projects. Payment of the debt is from taxes levied on property in the county. The large reduction in FY 2022 is due to a change in the way the county funds short-term projects; instead of transferring money from the General Fund to pay for the project, the projects will be funded in the General Fund. The Capital Project Funds includes the ARP Lost Revenue Funds, which are being used to build a new governmental services facility at Road & Bridge.

Receivables and Payables

Receivables and payables play a part in the development of the overall economic resources available. The highest amount of receivable in the General Fund is for delinquent property taxes, but the largest receivable affects the grant funds. A number of grants require the County to pay expenditures up front and then

seek reimbursement from the grantor. Included in the monthly financial statements mentioned earlier is the Statement of Cash on Hand to the Credit of Each Fund at 06-30-22.

**Fund Balance as a Percentage of Expenditures – The policy below was passed by Commissioners Court on 08-30-11.
FUND BALANCE POLICY**

COUNTY OF GALVESTON, TEXAS

Purpose The purpose of this policy is to establish operating and reporting guidelines for the fund balances of the governmental funds of Galveston County, Texas

Fund Balance Classification The county governmental-fund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. These classifications are listed below in descending order of restrictiveness:

- **Nonspendable** This classification includes amounts that cannot be spent because they (a) are not in spendable form (e.g., inventories and prepaid items), (b) are not expected to be converted into cash within the current period or at all (e.g., long-term receivables), or (c) are legally or contractually required to be maintained intact (e.g., the non-spendable corpus of an endowment)
- **Restricted** This classification includes amounts subject to usage constraints that have either been (a) externally imposed by creditors (e.g., through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation
- **Committed** This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners Court¹. These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them
- **Assigned** This classification includes amounts intended by the county for use for a specific purpose but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners Court or by a Court designee (e.g., a department head)². This classification applies to the positive unrestricted and uncommitted fund balances of all governmental funds except the General Fund
- **Unassigned** This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds

Order of Spending Where appropriate, Galveston County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources, but it reserves the right to deviate from this general strategy

Minimum Fund Balances Galveston County generally aims to maintain the following minimum fund balances:

- **General Fund** Unassigned fund balance of approximately 20% - 30% of budgeted expenditures for the fiscal year, to be used for unanticipated needs
- **Debt Service Funds** Restricted fund balances of approximately 10% - 20% of the following year's debt service requirements, to be used for debt service

¹ A commitment of fund balance requires formal action as to purpose but not as to amount, the latter may be determined and ratified by the Court at a later date. This is often important near year-end, when a purpose or need is known but a cost is not

² An assignment of fund balance implies an intent of Commissioners Court, but operationally the ability to implement the intent may be delegated to one or more persons. Designees may be listed in this document or, alternatively, in the county's budgetary policy

Revenues Not Budgeted at the Beginning of the Year

In a case where the County receives grant or aid money, regardless of the source, the budget may be amended to show receipt of the funds; Texas Local Government Code Section 111.0706 states:

The County Auditor shall certify to the Commissioners Court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

In the event of revenue received from intergovernmental contracts such as funds earned by the County from an agreement with a local city, the County Auditor shall inform the Commissioners Court of the receipt of the funds and certify the funds as available to be budgeted; Section 111.0707 of the Texas Local Government Code states:

The County Auditor shall certify to the Commissioners Court the receipt of all revenue from an intergovernmental contract that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the revenue from intergovernmental contracts for its intended purpose.

Governmental Fund Accounting

The main purpose of governmental accounting is to provide a consistent and reliable base for recording, summarizing and analyzing financial information. Revenues are a key portion of the overall record of financial results, with all participants striving for a stable tax rate and appropriate levels for fees and charges for services as prescribed by approved and formalized financial objectives. The annual audit, internal audits and review of financial reports assure the accomplishment of financial objectives.

All County accounts are organized on the basis of funds; each is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts. Using these accounts, the revenues and expenditures/expenses are approved before the beginning of each fiscal year by a budget adopted by the Commissioners Court. Currently, all county funds are grouped by two types, general governmental and special revenue fund types. Examples of general governmental funds include the general fund, debt service fund and capital projects fund. Examples of special revenue funds are the road and bridge and county records management fund.

Accounting System

The County's accounting records for governmental fund types and agency funds are maintained on a modified accrual basis, with the revenues being recorded when available and measurable, and expenditures recorded when the services or goods are received and the liabilities are incurred.

In addition, encumbrances are recorded during the year. Property tax revenues are susceptible to accrual, and are considered available to the extent collected within sixty days after the end of the fiscal year. Proprietary/internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses when they are incurred.

As part of the annual revenue estimate process, an estimate of total available resources must be provided. Available resources include the beginning cash balance, the estimated actual revenues for the current year, and the upcoming fiscal year estimated revenues to determine a final balance for total available resources.

On the following pages are the detailed estimates of revenue for each type of governmental fund, each fund within that type and each account within that fund for which an estimate is deemed appropriate. A funding plan with a detailed estimated is also provided for each account with each internal service fund follows.

Conclusion

I wish to express my appreciation to County officials, especially the Budget Officer and the Tax Assessor-Collector, for their assistance in providing information for the "Final Statement of Estimated Available Resources." From my office, I also want to thank Madeline Walker CPA CFE, Lauren Swift and Guadalupe Hinojosa CPA for their assistance in the accounting review and gathering of information. The review of the Tax Rate Calculation Worksheets, especially in light of Senate Bill 2 and the significant changes in the calculation and presentation of the tax rates, was carried out by Jordan Speer CIA CISA. Her efforts have been invaluable. Errors, opinions and mistakes are all mine.

Questions concerning the schedules, tables, graphs, and data presented in or contained within this report may be addressed to the County Auditor's Office.

Sincerely,

Randall Rice CPA
