

# SLFRF Compliance Report - SLT-4246-P&E Report-Q3 2022

## Report Period : Quarter 3 2022 (July-September)

---

### Recipient Profile

#### Recipient Information

Recipient UEI	DRP9KU1PVJN4
Recipient TIN	746000908
Recipient Legal Entity Name	Galveston County, Texas
Recipient Type	Metro City or County
FAIN	
CFDA No./Assistance Listing	
Recipient Address	722 Moody 21st St.
Recipient Address 2	
Recipient Address 3	
Recipient City	Galveston
Recipient State/Territory	TX
Recipient Zip5	77550
Recipient Zip+4	
Recipient Reporting Tier	Tier 1. States, U.S. territories, metropolitan cities and counties with a population that exceeds 250,000 residents
Base Year Fiscal Year End Date	9/30/2019
Discrepancies Explanation	
Who approves the budget in your jurisdiction?	Other (Specify)
Is your budget considered executed at the point of obligation?	Yes
Is the Recipient Registered in SAM.Gov?	Yes

# Project Overview

## Project Name: Public SafetyBorder - Radios

Project Identification Number	RP1090204
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.7-Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
Status To Completion	Completed 50% or more
Adopted Budget	\$38,343.78
Total Cumulative Obligations	\$38,343.78
Total Cumulative Expenditures	\$38,343.78
Current Period Obligations	\$0.00
Current Period Expenditures	\$38,343.78
Project Description	<p>The Public Safety/Border – Radios project will purchase radio equipment to aid with the border security public safety project. The project consists of the acquisition of two-way radios which will be utilized at the Texas border. These technological advancements are necessary for the continuation of Galveston County day-to-day business operations. The purchase of the radios will allow law enforcement agencies to effectively communicate with one another to assist with delivering important information about illegal entry into the nation. The project will allow law enforcement to strategize and plan accordingly while enforcing mitigation throughout the COVID-19 public health emergency.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, treasury states “another public health challenge exacerbated by the pandemic was violent crime and gun violence, which increased during the pandemic and has disproportionately impacted low-income communities.” It continues to say, “addressing community violence as a public health issue may help prevent and even reduce additional harm to individuals, households, and communities.”</p>
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$38,434.78
Type of capital expenditures, based on the following enumerated uses	Technology and equipment to allow law enforcement
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Secondary Impacted and/or Disproportionately Impacted populations	1 Imp General Public
Tertiary Impacted and/or Disproportionately Impacted populations	1 Imp General Public
Brief description of structure and objectives of assistance	This project will consist of the purchase of radio equipment which will facilitate the communication between law

program(s), including public health or negative economic impact experienced	enforcement agencies to communicate and strategize and plan accordingly on quick action at the border for public safety.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The approach that is being taken is to ensure that the technological improvements are modernized. They are necessary for the continuation of Galveston County business operations through expenditures can be utilized for community violence interventions. The easy flow of two-way radios would allow law enforcement to communicate effective and efficiently which will allow the department quicker access to mobilize.

**Project Name: Public SafetyBorder - Camera & Drone**

Project Identification Number	RP1090205
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.7-Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
Status To Completion	Completed
Adopted Budget	\$42,003.65
Total Cumulative Obligations	\$42,003.65
Total Cumulative Expenditures	\$42,003.65
Current Period Obligations	\$0.00
Current Period Expenditures	\$42,003.65
Project Description	<p>Public SafetyBorder - Camera &amp; Drone project will consist of a drone purchase which will aid in the operation of the border security public safety project which will be utilized at the Texas border. The proposed drone purchase will allow the surveillance and monitoring of the border delivering critical information about illegal entry into the nation which would in turn allow law enforcement to strategize and plan accordingly. This project will allow law enforcement to communicate and strategize effectively and efficiently as the easy flow of communications would then allow the department to address, prevent, and respond to criminal situations that may arise and intervene in community violence.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, treasury states "another public health challenge exacerbated by the pandemic was violent crime and gun violence, which increased during the pandemic and has disproportionately impacted low-income communities." It continues to say, "addressing community violence as a public health issue may help prevent and even reduce additional harm to individuals, households, and communities."</p>
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$42,003.65
Type of capital expenditures, based on the following enumerated uses	Technology and equipment to allow law enforcement

What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Secondary Impacted and/or Disproportionately Impacted populations	1 Imp General Public
Tertiary Impacted and/or Disproportionately Impacted populations	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This project will consist of a drone purchase which will facilitate the surveillance and monitoring of the border while it delivers critical information to law enforcement to strategize and plan accordingly for public safety. The object is to communicate and address, prevent, respond and intervene in community violence.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The approach that is being taken is to ensure that the technological improvements are modernized. They are necessary for the continuation of Galveston County business operations through expenditures can be utilized for community violence interventions. The communications will allow the department quicker access to mobilize.

**Project Name: North County Annex Facility**

Project Identification Number	RP6010302
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	\$4,500,000.00
Total Cumulative Obligations	\$4,500,000.00
Total Cumulative Expenditures	\$2,131,104.97
Current Period Obligations	\$2,368,895.03
Current Period Expenditures	\$2,131,104.97
Project Description	<p>The North County Annex Building project will consist of the purchase of equipment and furniture for the building retrofits to continue with business operations. The purchase will address the need which was exacerbated by the pandemic by providing employees the necessary resources to continue day-to-day business operations throughout the COVID-19 public health emergency.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, treasury recognizes “providing government services to the extent of revenue loss due to the pandemic...” is an eligible use.</p>

**Project Name: Data Center Core Switches**

Project Identification Number	RP5210902
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	3.4-Public Sector Capacity: Effective Service Delivery
Status To Completion	Completed less than 50%

Adopted Budget	\$382,134.96
Total Cumulative Obligations	\$382,134.96
Total Cumulative Expenditures	\$194,662.72
Current Period Obligations	\$187,472.24
Current Period Expenditures	\$194,662.72
Project Description	The New Construction Wireless and Switches project is to provide wireless abilities to the new construction as they currently lack the essential capability. This project will add cabling and wireless access points all the existing components in the facilities. This addition will also connect to the newest Cisco DNA Center, allowing Galveston County to manage all devices within one current management platform. Additionally, it will facilitate the ability to implement higher encryption end-to-end and will also allow to work toward WIFI Protected Access 3 (WPA3) which uses stronger authentication and better encryption tools, which have become important as more employees and vendors work from home due to the COVID-19 public health emergency. According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch).”
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$382,134.96
Type of capital expenditures, based on the following enumerated uses	Technology infrastructure to adapt government operations
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This project will provide wireless abilities, such as cabling and wireless access points that are currently lacking to all the existing components in the facilities. The object of this project is to connect within one current management platform and will allow for better end-to-end encryption that will allow facilitate stronger authentication and better encryption tools, which have become important as more employees and vendors work from home due to the COVID-19 public health emergency.
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The approach that is being taken is to ensure that the technological improvements are modernized. They are necessary for the continuation of Galveston County business operations. Since the onset of the pandemic, the need to work from home was necessary in adherence to CDC quarantine and social distancing guidelines. As a result, the need for reliable and secure networks have been recognized as a critical part in continuing work operations.

**Project Name: UCS Cohesity Expansion**

Project Identification Number	RP5210904
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity

Project Expenditure Subcategory	3.4-Public Sector Capacity: Effective Service Delivery
Status To Completion	Completed less than 50%
Adopted Budget	\$2,096,767.33
Total Cumulative Obligations	\$2,096,767.33
Total Cumulative Expenditures	\$553,576.96
Current Period Obligations	\$1,543,190.37
Current Period Expenditures	\$553,576.96
Project Description	The UCS Cohesity Expansion project is a bundle which will serve as Galveston County's enterprise to compute, backup and storage platform. Many existing processes lack automation and resiliency, this new platform will not only provide a significant modernization, which have been compromised due to the COVID-19 public health emergency as more employees telework, and will also create redundancy, resiliency and improved failover at the two data centers currently in use. There are levels of built-in encryption and ransomware protection, plus point-in-time recovery in case of data loss. According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, "technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch)."
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$2,096,767.33
Type of capital expenditures, based on the following enumerated uses	Technology infrastructure to adapt government operations
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This project will serve as an enterprise to compute, backup and storage platform. The project's main objective is to provide modernization to employees who telework throughout the COVID-19 public health emergency and will improve the resiliency, improve failover to the county's data center. Simultaneously, it will allow for encryption and ransomware protection plus point-in-time recovery in case of data loss.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The approach that is being taken is to ensure that the technological improvements are modernized. They are necessary for the continuation of Galveston County business operations. Since the onset of the pandemic, the need to work from home was necessary in adherence to CDC quarantine and social distancing guidelines. As a result, the need for reliable and secure networks have been recognized as a critical part in continuing work operations.

**Project Name: County Wireless & Switch Upgrade**

Project Identification Number	RP5210905
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity

Project Expenditure Subcategory	3.4-Public Sector Capacity: Effective Service Delivery
Status To Completion	Completed less than 50%
Adopted Budget	\$1,273,080.82
Total Cumulative Obligations	\$111,779.87
Total Cumulative Expenditures	\$17,910.46
Current Period Obligations	\$93,869.41
Current Period Expenditures	\$17,910.46
Project Description	<p>The County Wireless &amp; Switch Upgrade (JCL, EMF, JCC, JCJ) project has current controllers, network switching and wireless access points at the above-mentioned locations are either currently end of life or end of life within a few months from the date of this memo. When products are end of life, critical functional and security updates and patches are no longer available to apply. Becoming current on the hardware will allow us to continue working toward protecting the County's network, specifically during the COVID-19 public health emergency which required(s) employees to work from home to mitigate the spread of COVID-19. This project will upgrade all the existing components in the facilities, in addition to increasing wireless availability for staff and visitors. This upgrade will also connect to the newest Cisco DNA Center, allowing us to manage all devices within one current management platform. Additionally, the upgrade will implement higher encryption end-to-end and will allow to work toward WIFI Protected Access 3 (WPA3) which uses stronger authentication and better encryption tools.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, "technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch)."1</p>
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$1,273,080.82
Type of capital expenditures, based on the following enumerated uses	Technology infrastructure to adapt government operations
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This project will allow for the continued protection of the County's network, specifically throughout the COVID-19 public health emergency. The objective of this project is to upgrade all the existing components in the facilities, in addition to increasing wireless availability for staff and visitors. This upgrade will also connect to the newest Cisco DNA Center, allowing us to manage all devices within one current management platform. Additionally, the upgrade will implement higher encryption
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or	Technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access

negative economic impact of Covid-19

and improve public delivery of government programs and services enables this project to assist with the continued work that will be provided by the county employee for the constituents.

**Project Name: Interfaith Ministries of Greater Houston**

Project Identification Number	RP2100812
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Completed
Adopted Budget	\$150,000.00
Total Cumulative Obligations	\$150,000.00
Total Cumulative Expenditures	\$150,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Interfaith Ministries of Greater Houston project oversees the lifesaving Meals on Wheels program in Galveston County, which allows seniors to continue living an independent life while still having access to fresh, nutritious meals. The Meals on Wheels program was launched in October 2017 and has expanded throughout the county. The COVID-19 public health pandemic has highlighted the organizations importance to serving the community and to continue to do so.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, "Treasury recognizes that many nonprofits play important roles in their communities, and some may have experienced public health or negative economic impacts during the pandemic. As such, under the interim final rule and the final rule, nonprofits may be impacted by the pandemic and receive assistance as a beneficiary, as described above, and/or be a subrecipient providing services on behalf of a recipient."</p>
What Impacted and/or Disproportionately Impacted population does this project primarily serve?	4 Imp HHs that experienced increased food or housing insecurity
Secondary Impacted and/or Disproportionately Impacted populations	3 Imp HHs that experienced unemployment
Tertiary Impacted and/or Disproportionately Impacted populations	5 Imp HHs that qualify for certain federal programs
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Interfaith oversees life-saving Meals on Wheels program in Galveston County, which allows seniors to continue living an independent life while still having access to fresh, nutritious meals. The Meals on Wheels program was launched in October 2017 and has grown since then.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Interfaith oversees life-saving Meals on Wheels program in Galveston County, which allows seniors to continue living an independent life while still having access to fresh, nutritious meals. The Meals on Wheels program was launched in October 2017 and has grown since then. The

	COVID-19 public health emergency has highlighted its importance.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	1

**Project Name: Cisco Phones - Desktop Refresh**

Project Identification Number	RP6011002
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$25,025.00
Total Cumulative Obligations	\$25,025.00
Total Cumulative Expenditures	\$25,025.00
Current Period Obligations	\$25,025.00
Current Period Expenditures	\$25,025.00
Project Description	<p>The New Construction Desktop Refresh - CISCO Phone project are VoIP phones which are being utilized by the County's new construction/infrastructure sites. This project will allow for continuous communication throughout any type of event. The project includes the purchase and installation of CISCO-8851 phones for new construction building which would equip the building with up-to-date communication systems allowing the facility to remain operational.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, "technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch)."</p>

**Project Name: Dell Equipment - Desktop Refresh**

Project Identification Number	RP6011001
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	\$279,709.90
Total Cumulative Obligations	\$279,709.90
Total Cumulative Expenditures	\$279,709.90
Current Period Obligations	\$279,709.90
Current Period Expenditures	\$279,709.90
	The New Construction Desktop Refresh - Dell Computers project ensure that Dell laptops are provided for the new

Project Description	<p>construction buildings that are in progress. These laptops allow users to work both onsite and remotely, to mitigate the spread of COVID-19 during the COVID-19 public health emergency and allowing full business continuity with minimal loss in time and productivity. This project intends to equip the building with up-to-date computer systems which would allow the facility to remain operational.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch).”</p>
---------------------	---

**Project Name: Koa Hills Employee Augmentation**

Project Identification Number	RP6010901
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	\$364,200.00
Total Cumulative Obligations	\$364,200.00
Total Cumulative Expenditures	\$242,800.00
Current Period Obligations	\$242,800.00
Current Period Expenditures	\$242,800.00
Project Description	<p>The Employee Augmentation project is crucial to support the integrity of Galveston County's mission-critical Enterprise Resource Planning system. The augmentation firm works with the County and the ERP vendor to install security updates, identify and repair vulnerable processes, and continually reviews and updates individual and system security. These efforts assist in protecting the County's finances, business operations and PII, specifically from the teleworkers who work from home in order to mitigate due to the COVID-19 public health emergency.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “technology infrastructure resources to improve access to and the user-experience of government information technology systems, including upgrades to hardware and software as well as improvements to public-facing websites or to data management systems, to increase public access and improve public delivery of government programs and services (including in the judicial, legislative, or executive branch).”</p>

**Project Name: Grant Accountant**

Project Identification Number	RP7010702
Project Expenditure Category	7-Administrative

Project Expenditure Subcategory	7.1-Administrative Expenses
Status To Completion	Completed less than 50%
Adopted Budget	\$232,063.00
Total Cumulative Obligations	\$44,155.15
Total Cumulative Expenditures	\$44,155.15
Current Period Obligations	\$19,340.02
Current Period Expenditures	\$19,340.02
Project Description	<p>The Grant Accountant position is primarily dedicated to overseeing the American Rescue Plan Act (ARPA) Grant, allowing for projects to be tracked and reported. This position oversees, reconciles, and audits all ARPA grant projects. The duties of the Grant Accountant include but are not limited to maintaining official court and expense-related documents, staying up to date with ARPA compliance, fund reconciliations, and analyzing expenditures, among other accounting duties.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, Treasury recognizes “that responding to the public health and economic impacts of the pandemic requires many programs and activities... and “executing these programs effectively is a component of responding to the public health and negative economic impacts of the pandemic.” Additionally, “recipients may use funds for direct and indirect administrative costs for administering the SLFRF program and projects funded by the SLFRF program.”</p>

**Project Name: Grant Administrator**

Project Identification Number	RP7010701
Project Expenditure Category	7-Administrative
Project Expenditure Subcategory	7.1-Administrative Expenses
Status To Completion	Completed less than 50%
Adopted Budget	\$254,297.00
Total Cumulative Obligations	\$58,419.57
Total Cumulative Expenditures	\$58,419.57
Current Period Obligations	(\$942.05)
Current Period Expenditures	(\$942.05)
Project Description	<p>The ARPA Grant Administrator position is primarily dedicated to overseeing the American Rescue Plan Act (ARPA) Grant, which allows the County to track and report the project under the SLFRF. The Grant Administrator compiles and prepares programmatic reports, monitors and assures compliance with all grant standards and federal regulations, determines and develops project eligibility analysis, and acts as the point of contact between County departments related to the ARPA projects.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, Treasury recognizes</p>

	<p>“that responding to the public health and economic impacts of the pandemic requires many programs and activities... and “executing these programs effectively is a component of responding to the public health and negative economic impacts of the pandemic.” Additionally, “recipients may use funds for direct and indirect administrative costs for administering the SLFRF program and projects funded by the SLFRF program.”</p>

**Project Name: Road & Bridge Building - funding by lost revenue transfer**

Project Identification Number	RP6010301
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	
Adopted Budget	\$9,511,972.00
Total Cumulative Obligations	\$7,240,583.76
Total Cumulative Expenditures	\$7,240,583.76
Current Period Obligations	\$578,596.21
Current Period Expenditures	\$578,596.21
Project Description	<p>The new facility scope includes the following: Administrative office; Fleet maintenance shop; Fueling facility; Wash rack; Parking for vehicles and equipment; Work at the department’s currently occupied site; Work on an adjacent vacant site to the south of the occupied site; Sitework and the construction of multiple new structures as described in the drawings and specifications. The department will continue to operate in its existing buildings during the phased construction process as described in the drawings and related documents.</p>

**Project Name: Avenue P Drainage in Santa Fe**

Project Identification Number	RP5060408
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$1,112,500.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
	<p>Avenue P Drainage in Santa Fe – This project will improve drainage in the area behind the Santa Fe Post Office and Fire Station. It will also act as a relief route for the Castle Ditch. Flow from the Castle Ditch at Hwy can be diverted to the proposed system.. It will move the water north up the City’s easement on Avenue</p>

Project Description	P to the DD1 main drainage ditch. The project is a joint effort between the City of Santa Fe, Galveston County Drainage District No. 1, the Santa Fe Economic Development Corporation and Galveston County. The project has been designed and ready for bid. Estimated Cost: \$1.0M
---------------------	---

**Project Name: Dixie Farm Road Detention Basin (Dickinson, Friendswood, League City)**

Project Identification Number	RP5060409
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$7,500,000.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Dixie Farm Detention Basin – This project is a partnership with Harris County, Friendswood, the Galveston County Consolidated Drainage District, and Galveston County. The project is a \$30 million regional storm water detention in the Clear Creek watershed near Dixie Farm Road in Harris County. The funding plan is for Harris County to provide 50%, Galveston County 50%, and the City of Friendswood and the Galveston County Consolidated Drainage District each provide 25%. Estimated Cost to Galveston County: \$7.5 M

**Project Name: Algoa/Alta Loma Drainage Project**

Project Identification Number	RP5060407
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$2,000,000.00
Total Cumulative Obligations	\$83,028.33
Total Cumulative Expenditures	\$83,028.33
Current Period Obligations	\$49,464.03
Current Period Expenditures	\$49,464.03
	The Algoa/Alta Loma Culvert Replacements project intends to replace the failing or undersized roadway cross culverts at the nine (9) locations in the unincorporated Algoa and Alta Loma area. Presently, the existing storm and sewer culverts in the Algoa and Alta Loma area of the County are either under sized or are failing structurally at nine locations and

Project Description	<p>are causing drainage issues. These culverts are located under County roads and connect to Drainage District No. 1 facilities. The Algoa/Alta Loma Culvert Replacements project will provide improvements that increase the capacity of existing infrastructure and extend the useful life of existing infrastructure.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “Treasury understands that investments in infrastructure include improvements that increase the capacity of existing infrastructure and extend the useful life of existing infrastructure.”[1] Additionally, “Treasury considers an investment in infrastructure to be necessary if it is responsive to an identified need to achieve or maintain an adequate minimum level of service, which for some eligible project categories may include a reasonable projection of increased need, whether due to population growth or otherwise....”</p>
Projected/actual construction start date	12/31/2022
Projected/actual initiation of operations date	6/30/2023
Location Type(for broadband, geospatial location data)	Address Range
Location Details	Algoa, TX; Alta Loma, TX (Galveston County for Census data)
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$74,633.00
Lowest Quintile Income of the service area	\$28,223.00

**Project Name: Bacliff & San Leon Culvert/Ditch**

Project Identification Number	RP5060406
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$9,887,500.00
Total Cumulative Obligations	\$571,995.00
Total Cumulative Expenditures	\$279,453.75
Current Period Obligations	\$349,426.70
Current Period Expenditures	\$222,568.30
Project Description	<p>The Bacliff &amp; San Leon Culvert and ditch project intends to improve the overall drainage by increasing ditch capacity through re-grading the ditches and increasing the size of the driveway culverts. These improvements will increase safety to residents by improving resident and emergency vehicle movement, decreasing structural flooding, decreasing ditch ponding, minimizing roadway flooding, and extending the life of existing roads and other utilities. According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “Treasury understands that investments in infrastructure include improvements that increase the</p>

	capacity of existing infrastructure and extend the useful life of existing infrastructure.” Additionally, “Treasury considers an investment in infrastructure to be necessary if it is responsive to an identified need to achieve or maintain an adequate minimum level of service, which for some eligible project categories may include a reasonable projection of increased need, whether due to population growth or otherwise....”
Projected/actual construction start date	1/2/2023
Projected/actual initiation of operations date	12/31/2023
Location Type(for broadband, geospatial location data)	Address Range
Location Details	Bacliff, TX
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$54,242.00
Lowest Quintile Income of the service area	\$26,005.00

**Project Name: Jackson Road Sewer Extension (Bacliff)**

Project Identification Number	RP5060405
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$2,500,000.00
Total Cumulative Obligations	\$265,416.00
Total Cumulative Expenditures	\$94,490.32
Current Period Obligations	\$172,280.68
Current Period Expenditures	\$93,135.32
Project Description	Paving and drainage improvements will be completed to allow for the conveyance of stormwater from Jackson Avenue to Trinity Bay. This stormwater management project would address the affects brought forth by increased rainfall during tropical/hurricane season. Project would be the second phase of Jackson Stormwater project. The first phase, from the Galveston Bay to 9th Street, is currently bidding. The second phase would extend the storm sewer approximately 1,500 lf. Estimated Cost for this project is going to be approximately: \$2.5 M.

Current Period Obligations	\$14,988.29
Current Period Expenditures	\$14,988.29
Project Description	The 15th Street Culvert Replacement in Bacliff project will replace the existing culvert with a large box culvert which will improve the drainage for the Bacliff Villas subdivision and maintain the level of improvement that is needed to maintain the life of the new culvert. Presently, the existing culvert under 15th Street restricts drainage from the Bacliff Villas area which causes problems during rain season. The drainage area upstream of 15th Street includes the Bacliff Villas subdivision and this subdivision has experienced street and home flooding. . According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “Treasury understands that investments in infrastructure include improvements that increase the capacity of existing infrastructure and extend the useful life of existing infrastructure.” Additionally, “Treasury considers an investment in infrastructure to be necessary if it is responsive to an identified need to achieve or maintain an adequate minimum level of service, which for some eligible project categories may include a reasonable projection of increased need, whether due to population growth or otherwise....”

**Project Name: Premium Pay (Stipend) for Essential Workers**

Project Identification Number	RP4010601
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed
Adopted Budget	\$2,726,283.00
Total Cumulative Obligations	\$2,582,487.66
Total Cumulative Expenditures	\$2,582,487.66
Current Period Obligations	(\$5,000.00)
Current Period Expenditures	(\$5,000.00)
Project Description	<p>The Premium Pay Stipend project has been distributed to Galveston County employees who have completed six (6) months of employment. Galveston County employees are deemed eligible workers performing essential work during the COVID-19 public health emergency. As such, part-time employees will be eligible to receive \$750.00, half-time employees will be eligible to receive \$1,000.00, and full-time employees will be eligible to receive \$2,000.00.</p> <p>The American Rescue Plan Act (2021, ARP) authorizes Premium Pay to “essential workers will continue to bear the brunt of the risk of maintaining the ongoing operation of vital facilities and services.” Premium Pay Stipend is afforded to remunerate essential workers for the elevated health risks continued to be faced during the COVID-19 public health emergency. To safeguard that Premium Pay is besieged to workers who face heightened risks due to the nature of the work, the ARP guidance defines essential work as “regular physical handling of items that were handled by, or are to be handled by, patients, the public, or coworkers of the individual that is performing the work.”</p>
Sectors Designated as Essential Critical Infrastructure	N/A; "non-public" sectors were not designated to receive

Sectors	this stipend (premium pay.)
Number of workers to be served	1,146
Premium Pay Narrative	As a county government we had to maintain the level of service to meet the demands of the residents and users. The county judge, confirmed by the county commissioners (the governing board), that all employees were considered essential workers, with staff either in the offices or working from home to keep the government functioning. To reward the staff for their exemplary service in keeping all areas of the government functioning, the governing board voted to award a stipend to all full-time workers of \$2,000, to be paid from the ARP monies recieved. Part time workers received \$1,000. All stipends were taxable. None of the awards were of sufficient amount to meet any test of 150% of the state's average annual wage, or the county's average annual wage, regardless of which were higher.
Number of workers to be served with premium pay in K-12 schools	0

### Project Name: Economic Development Grants

Project Identification Number	RP2090801
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.29-Loans or Grants to Mitigate Financial Hardship
Status To Completion	Not Started
Adopted Budget	\$1,500,000.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Small business loans have an equity requirement. SBA 7(a) loans, for example, have a 10% equity requirement. If you want to borrow \$250,000 to rebuild, grow, or start a business, you'll need to have \$25,000. This can be an insurmountable barrier, especially after a major event (COVID, a hurricane, etc). The Galveston County Small Business Revolving Equity Loan Program will use ARP funds to create a revolving equity loan fund for small business startup, expansion, and recovery funding in Galveston County. Providing the equity portion of a small business loan allows us to 10x our economic impact with a one time investment of ARP funds, and creates a self sustaining loan program for Galveston County small businesses to be used post COVID and other future disasters. This is especially relevant for us because of hurricanes.

### Project Name: Mainland Children's Partnership

Project Identification Number	RP2100811
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)

Status To Completion	Completed
Adopted Budget	\$75,000.00
Total Cumulative Obligations	\$75,000.00
Total Cumulative Expenditures	\$75,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Mainland Children’s Partnership project offers a wide variety of assistance to those in need throughout Galveston County, including rental and utility assistance and food assistance. The main goal of Mainland Children’s Partnership is to provide “more than food” to the constituents of the community that are in need of assistance, while providing services overtime while also providing mental health, counseling, and access to medical care, specifically throughout the COVID-19 public health emergency.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, “Treasury recognizes that many nonprofits play important roles in their communities, and some may have experienced public health or negative economic impacts during the pandemic. As such, under the interim final rule and the final rule, nonprofits may be impacted by the pandemic and receive assistance as a beneficiary, as described above, and/or be a subrecipient providing services on behalf of a recipient.”</p>
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	2 Imp Low or moderate income HHs or populations
Secondary Impacted and/or Disproportionately Impacted populations	4 Imp HHs that experienced increased food or housing insecurity
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Services are designed to assist families with economic challenges to decrease vulnerability and increase stability.
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Services are provided to assist families to recover from disasters including weather events such as Hurrican Harvey and the winter freeze as well as from the pandemic.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	1

**Project Name: GC Long Term Recovery Group**

Tertiary Impacted and/or Disproportionately Impacted populations	4 Imp HHs that experienced increased food or housing insecurity
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The Integrated Care Collaborative, made up of UTMB, Family Service Center, and St. Vincent's House is committed to improving community health and well-being through a health home to people with socioeconomic barriers to affordable, inclusive, and comprehensive health and social services through seamless, holistic, wraparound services addressing the social determinants of health and well-being.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	External trends also show the increased unemployment and long-term effects of COVID will most likely contribute to a continued escalation of needs in our community. The ongoing Integrated Care Model can address these needs by offering wraparound, holistic, and vital services to vulnerable, young families in crisis, many of whom have not sought services before and are uninsured, truly the most at-risk of our population.
Number of Non-Profits served (by program if recipient establishes multiple separate non-profit assistance programs)	1

**Project Name: Family Service Center of Galveston County**

Project Identification Number	RP2100804
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Completed
Adopted Budget	\$100,000.00
Total Cumulative Obligations	\$100,000.00
Total Cumulative Expenditures	\$100,000.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Family Service Center of Galveston County project intends to provide services in the areas of mental health, parent education, children at risk, and victims of crime. Their focus is on achieving real, self-sustainable, measurable results for those in the community they serve. Their mission is to promote the mental health and well-being of all individuals and families through counseling, education, and prevention, specifically during the COVID-19 public health emergency.</p> <p>According to the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule, "Treasury recognizes that many nonprofits play important roles in their communities, and some may have experienced public health or negative economic impacts during the pandemic. As such, under the interim final rule and the final rule, nonprofits may</p>

	be impacted by the pandemic and receive assistance as a beneficiary, as described above, and/or be a subrecipient providing services on behalf of a recipient.”
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Secondary Impacted and/or Disproportionately Impacted populations	2 Imp Low or moderate income HHs or populations

**Project Name: GCPH Assistance**

Project Identification Number	RP1090101
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	3.1-Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services Workers
Status To Completion	Not Started
Adopted Budget	\$5,333.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Galveston County worked with the Galveston County Health District to provide assistance to hire additional public health staff to improve data gathering and public health response. This assistance included hiring additional Epidemiologists, Nurses, Covid-19 Caseworkers, Data Entry Specialists, etc. These efforts helped in approving contact tracing, communication, and Covid response. We started this project using non-ARPA funds and will begin using ARPA funds once the other funds run out. At this time, the project under ARPA has not started.

**Project Name: Air Monitors/Equipment for Public Health Response**

Project Identification Number	RP1040101
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.4-Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, Child care facilities, etc.)
Status To Completion	Not Started
Adopted Budget	\$500,000.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Air monitors will help enable Galveston County to better respond to a hazardous materials release within the county. Conducting air monitoring will assist first responders and decision makers, should we need to order an evacuation and/or temporary sheltering operation of county residents. Should sheltering operations be deemed necessary based off the air monitoring readings, Galveston County would be able to implement COVID-19 mitigation strategies for the temporary shelters.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$500,000.00
Type of capital expenditures, based on the following enumerated uses	Acquisition of equipment for COVID-19 prevention and treatment

**Project Name: Testing**

Project Identification Number	RP1020101
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.2-COVID-19 Testing
Status To Completion	Not Started
Adopted Budget	\$5,333.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Galveston County collaborated with UTMB and the Health District to establish countywide testing program, offering public COVID testing free to all residents. To date over 300,000 residents have been able to utilize this program. During weeks of the Pandemic Galveston County was the highest vaccinated county in Texas as a percentage. We started this project using non-ARPA funds and will begin

	using ARPA funds once the other funds run out. At this time, the project under ARPA has not started.

**Project Name: Vaccination Hub**

Project Identification Number	RP1010101
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.1-COVID-19 Vaccination
Status To Completion	Not Started
Adopted Budget	\$5,333.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Galveston County setup, managed, and operated a mass vaccination Hub at Walter Hall Park located in Galveston County. This mass vaccination site was able to administer near to 100k Covid 19 vaccinations to residents from Galveston County and South East Taxes. This effort was made possible by a partnership with UTMB, the Galveston County Health District and Galveston County Office of Emergency management. We started this project using non-ARPA funds and will begin using ARPA funds once the other funds run out. At this time, the project under ARPA has not started.
