RE: ADDENDUM #2

To All Prospective Bidders:

The following information is being provided to aid in preparation of your bid submittal(s):

Question #1: *We are requesting clarification regarding Detail #9. Detail Section 9: shows 12" Cement Stabilized Sand Bid Form only calls for Stabilization of base with Fly Ash or Lime Fly Ash in areas A, B, & C, then replacement of concrete (pavement). Does area(s) require 12" Cement Stabilized Sand at tie – in only or for entire area?*

Response: Please ignore the line for 12" CEMENT STABILIZE SAND in DETAIL #9. The sub-grade for the project is in-situ stabilized soil with Fly Ash or Lime Fly Ash. All of the rest of the DETAIL #9 applies.
