PROJECT NAME: Enterprise Cellular Enhancement Distributed Antenna System (DAS)

SOLICITATION NO: RFP #B191032

RE: ADDENDUM #1

To All Prospective Proposers,

The following information is being provided to aid in preparation of your proposal submittal(s):

Revised Procurement Timeline:

The timeline for RFP #B191032, Enterprise Cellular Enhancement Distributed Antenna System (DAS) has been revised:

- **Site Visit** **Friday, February 15, 2019, at 1:30 p.m.**
Galveston County Justice Center
600 59th Street
Galveston, TX 77551.
- **Questions Deadline** **Thursday, February 21, 2019**
- **RFP Opening** **Friday, March 8, 2019, at 2:00 p.m.**

Question #1: Can we schedule a site walk for next Thursday or Friday 2/7 or 2/8?

Response: A site visit for all potential proposers has been scheduled for Friday, February 15, 2019, at 1:30 p.m. All potential vendors should meet on the first floor of the lobby at the Galveston County Justice Center located at 600 59th Street, Galveston, TX 77551.

Question #2: There is no format for pricing, is there a preferred format to show the price of the overall solution?

Response: Attached you will find a pricing sheet.

Question #3: There is a reference to a signed lobbyist form, but there was no form as part of the package, can that be supplied?

Response: Attached you will find the Certification Regarding Lobbying.

Question #4: *Could we schedule a visit to the facility to walk the building? Also, could the county make available better drawings with good resolution?*

Response: Please refer to the response for Question #1 regarding the site visit. CDs will be made available at the site visit containing CAD drawings for your use. CDs can also be picked up at the office of the Galveston County Purchasing Agent upon request.

Question #5: *The project requirements state that the DAS needs to meet the stringent requirements of first responders and mission critical criteria. Is the first responder system part of the DAS scope?*

Response: 700/800 radio system has a BI Directional Amplifier BDA installed in the building and is managed by our 911 district. This pertains to FirstNET, and the individuals who will be using the DAS, Sheriff Officers, District Attorney, Prosecutor, and Investigators.

Question #6: *If first responder system is in scope, due to the stringent requirements we would recommend a separate stand-alone system for first responder services that includes separate passive components and antennas. Is this acceptable?*

Response: Not necessary for a stand-alone system.

Question #7: *Are there any SLAs for maintenance and monitoring such as number of years, response times, etc.?*

Response: Supply us with your SLA terms and repair time, offer a blanket quote in the event we need support to have prepaid.

Question #8: *The outdoor donor antenna mentioned in the project requirements is considered part of the carriers' RF signal source equipment. Do we need to provide pricing for the RF signal source equipment and installation as an option?*

Response: The donor antenna and installation needs to be included in the price. There is no OFE on the roof. This is a new building.

Question #9: *Are there any areas where cable is required to be concealed in conduit? If conduit needs to be included in the price, could you mark those areas on the drawing?*

Response: Above the ceiling there are cable trays. Successful proposer shall provide plenum cables. Riser will be in IDF's and connect in a vertical line from the 1st floor to the 4th floor.

Question #10: *Could you provide an approximate square footage for the areas to be covered by the cellular enhancement system as a part of this phase of the project?*

Response: We cannot locate that information on any CAD drawings. 100,000 SQF is provided as an estimate.

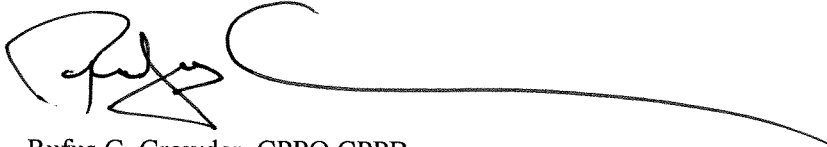

As a reminder, all questions regarding this proposal must be submitted in writing to:

Rufus G. Crowder, CPPO CPPB
Galveston County Purchasing Agent
722 Moody, Fifth (5th) Floor
Galveston, Texas 77550
