RE: ADDENDUM #1
BID #B171026, Mobile Restroom Trailers

To All Prospective Bidders,

The following information is being provided to aid in preparation of your bid submittal(s):

Question #1: *Would private bathrooms be permissible to bid? I noticed the comments about the partitions in the bid document.*

Response: Galveston County is only interested in mobile restroom trailers that contain private restrooms. Any mention of partitions with regard to these restrooms is not on option.

Question #2: *Do the walls and flooring have to be plywood? Also, do you have to have the drains in the floors? With a combination of wood floors, a drain and power washing you will start to have floor problems within two years. We use all composite materials on our units and have them placed on Coasts with no issues. I would recommend this for these units but of course this up to you.*

Response: Durable composite materials are an allowable option with regard to this solicitation. Drains remain a requirement due to daily washing and sanitation efforts.

As a reminder, any exceptions to the bid conditions are to be placed on additional sheets of paper and submitted with the bid submittals.

As a reminder, all questions regarding this bid must be submitted in writing to:
