						Rating												
						Grading Score												

The Base Proposal Cost rating is from lowest dollar to highest dollar. The scoring for the Base Proposal Costs is accomplished by dividing the lowest proposed cost by the individual proposer cost to obtain the grading and multiplying that fraction by the 50 points possible. Therefore the proposal cost proposal will receive 50 points.

The Safety record will be scored based upon all EMR below 1 being awarded 5 points, an EMR of 1 awarded 4 points, an EMR of 1.1 awarded 3 points, an EMR of 1.2 awarded 2 points, an EMR of 1.3 awarded 1 point.

No team is perfect	##	Perfect
What we want	90	Quality Work and willingly contributes to the team effort
If above not available	80	Quality work and causes the rest of the team extra effort to deal with them.
Acceptable	70	Good work and willingly advances the team effort
Mediocre	60	Good work and causes the rest of the team extra effort to deal with them.
Only if we have to	50	Marginally acceptable work and willingly contributes to the team effort
Prefer not	40	Marginally acceptable work and causes the rest of the team extra effort to deal with them.
No	30	Poor work and attempts to contribute to the team effort
This will just waste time	20	Poor work and causes the rest of the team extra effort to deal with them.
please don't submit	0
